GAMI CORPORATION INDONESIA

INDONESIAN SEAFOOD EXPORT PORTFOLIO

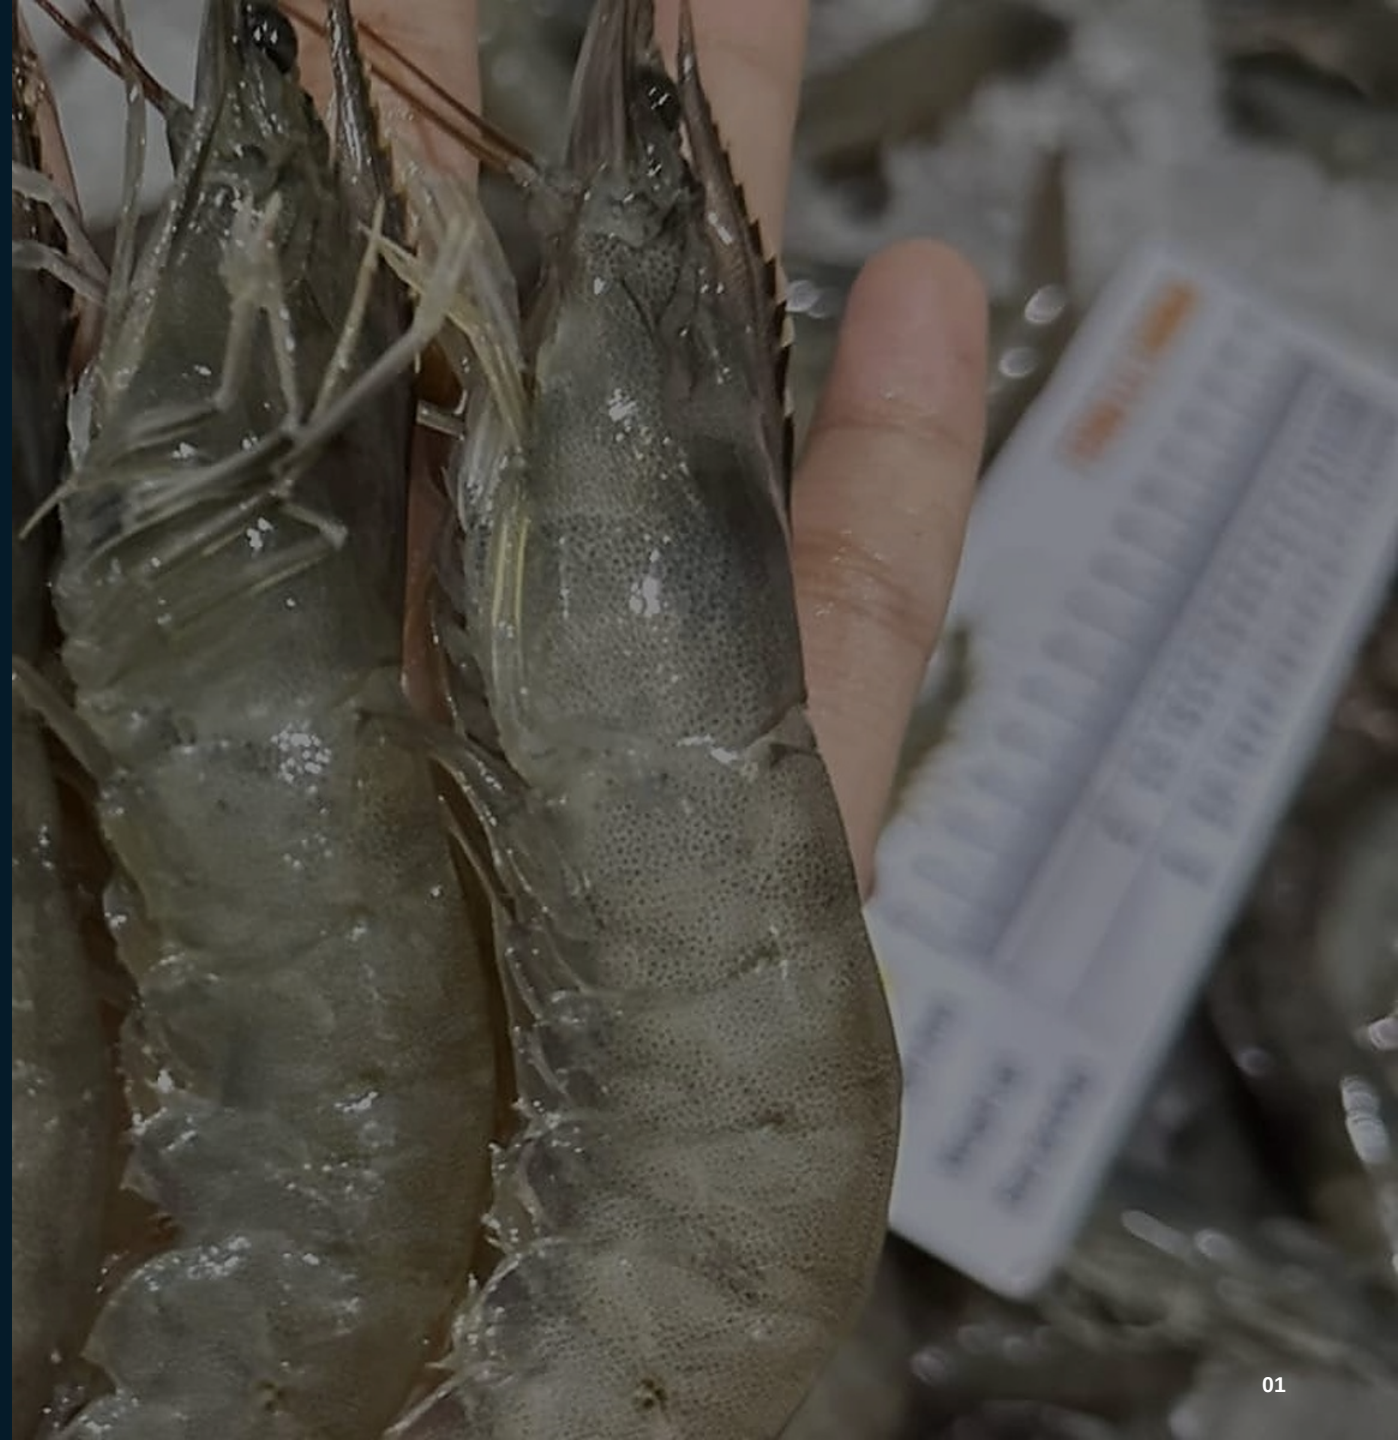

Farm-raised shrimp, wild-caught fish, cephalopods, and buyer-specific seafood sourcing.

COLD-CHAIN READY SUPPLY

PT GAMI MARINE INDONESIA

Shrimp · fish · squid · request-based sourcing

Indonesia · Global buyers

COMPANY POSITION

A seafood portfolio built for buyers who need clear formats, practical packing options, and a single point of contact for sourcing.

PT Gami Marine Indonesia bridges Indonesian marine resources with international buyers. This portfolio combines verified product specifications, current product photography, and an expanded request-based sourcing range.

SEAFOOD-FIRST SOURCING

Buyer advantage
Start with the species and format you need. We align size, freezing method, glazing, pack style, destination, and shipment plan before quotation.

From Indonesian waters to global kitchens.

Availability, grade, and documents confirmed per buyer inquiry.

FEATURED SHRIMP

Shrimp matched to the buyer’s specification.

Glazing: 0% net weight, 10%, or 20% as requested. **Packaging:** 1–2 kg inner polybag/box with 10–20 kg master carton options.

Vannamei / Whiteleg

Litopenaeus vannamei · farm-raised

HOSO / HLSO

Head-on or headless shell-on

Packed shrimp

Frozen formats · buyer-specific

Core shrimp range

Species
Vannamei / Whiteleg and Black Tiger

Forms
HOSO · HLSO · PD

Sizes
20/30 through 61/70 pcs/kg

Freeze
IQF · Semi-IQF · BQF

Availability, grade, and documents confirmed per buyer inquiry.

CEPHALOPODS

Firm texture. Flexible formats.

Freezing: BQF or IQF. **Additional cephalopods on request:** cuttlefish, octopus, tubes, rings, fins, and steamed sliced octopus.

Indonesian squid and cuttlefish can be prepared for wholesale, foodservice, processing, and retail channels. Product form and packing are agreed before production or shipment.

Loligo Squid

Trade name: Loligo / Pacific Squid
Scientific name: *Loligo spp.*
Catching method: Wild caught · FAO 71

Product forms

WR (Whole Round); sliced or cleaned formats by request

Size options

U3 · U5 · U10 · U20; 10–15, 15–20, 20–25 cm UP

Packing

2 kg block frozen inner plastic; 10–12 kg master carton

Availability, grade, and documents confirmed per buyer inquiry.

PELAGIC FISH

Reliable everyday species for wholesale and processing.

The pelagic range is structured around whole-round frozen formats, practical master-carton weights, and size grades suited to wholesale distribution, retail, and industrial buyers.

Indian Mackerel: 4–6, 6–8, 8–10, 10–12 pcs/kg · BQF/IQF · 10 kg master carton.

Skipjack: under 1.8 kg, 1.8–3.4 kg, 3.4 kg UP · brine frozen/BQF at –18°C or below · 10/15/20 kg carton or bulk woven bag.

Indian Mackerel

Rastrelliger kanagurta

Skipjack Tuna

Katsuwonus pelamis

Pelagic mix

Whole-round frozen supply

Mackerel Tuna

Kawakawa · Euthynnus affinis

Availability, grade, and documents confirmed per buyer inquiry.

DEMERSAL & SPECIALTY FISH

Premium species for foodservice and specialty channels.

For higher-value fish, the offer can be organized around live, fresh-chilled, whole-gutted-and-gilled, or frozen formats, depending on season, destination, and buyer requirement.

Also available for discussion: Silver Trevally (WR/WGG, 300–500 g, 500–1,000 g, 1,000 g UP) and selected snapper/grouper formats.

Coral Trout / Red Grouper

Plectropomus leopardus · wild caught, line caught

Format

Live or fresh chilled; WGG (Whole Gutted & Gilled)

Size grades

500–800 g and 800–1,200 g

Packing

Live: oxygenated bags in Styrofoam box. Chilled: Styrofoam box with plastic and gel ice.

Availability, grade, and documents confirmed per buyer inquiry.

REQUEST-BASED SOURCING

Need a different species or format?

Tell us the market, end use, preferred form, target size, volume, and destination. We can check suitable Indonesian supply and return a product-specific quotation path.

Simple request brief: Species · form · size · freezing · glazing · pack weight · target volume · destination · required documents.

FISH

Snapper, grouper, trevally, pangasius, salmon portions, Spanish mackerel, oilfish, tuna steaks.

SHRIMP

Vannamei, black tiger, banana shrimp, freshwater prawn, peeled/deveined or shell-on.

CEPHALOPODS

Squid tubes, rings, fins, cuttlefish, octopus, steamed sliced octopus.

PROCESSED

Vacuum-sealed steaks, fillets, retail-ready 500 g/1 kg packs, private-label discussion.

FORMAT

Whole round, WGG, HOSO, HLSO, PD, IQF, BQF, brine frozen, fresh chilled, or live.

MARKET

Wholesale, foodservice, retail, processing, industrial, restaurant, and distribution channels.

Availability, grade, and documents confirmed per buyer inquiry.

QUALITY & COLD CHAIN

Designed around product integrity.

Quality checks are aligned with the agreed product specification and the destination market. The exact inspection scope is confirmed before loading.

Quality conversation before quotation

Species identity · size grade · glaze / net weight · freezing temperature · packaging · label · inspection · documents

Availability, grade, and documents confirmed per buyer inquiry.

INTEGRATED EXPORT WORKFLOW

One workflow. Many seafood formats.

The process adapts to frozen, chilled, live, retail-ready, and bulk product requirements while keeping the buyer’s specification central.

01 SOURCE

Local supplier and fishery / farm matching

02 PROCESS

Cleaning, grading, filleting, or packing

03 VERIFY

Quality, temperature, weight, and documents

04 LOAD

Export cartons, container plan, and dispatch

05 DELIVER

Sea or air cargo to the agreed destination

We can support the specification conversation before the purchase order: product form, pack weight, loading plan, and document checklist.

Availability, grade, and documents confirmed per buyer inquiry.

Start your seafood inquiry.

Send the species, preferred form, size, target volume, destination, and any required documents. We will match the request with the most suitable available supply.
